

THE DAILY NEWS.

SATURDAY, JUNE 27, 1874.

JORDAN STONE, Managing Editor.

"Resolved, That we earnestly recommend to the members of the Democratic-Conservative party to discourage independent candidates and all other disorganizers, and that all supporters of the party who shall oppose the regular nominees of our party, be promptly withdrawn from every aspirant for office who shall oppose the regular nominees of our party."—Resolution adopted by Democratic-Conservative State Executive Committee.

The Daily News is now the only paper in Raleigh that gives every morning the latest markets and other telegraphic reports. The public should note this fact.

ELECTION AUGUST 6th, 1874.

FOR SUP'T OF PUBLIC INSTRUCTION.
COL. STEPHEN D. POOL,
OF CRAVEN.

FOR CONGRESS FOURTH DISTRICT.
CAPT. JOSEPH J. DAVIS,
OF FRANKLIN.

FOR SOLICITOR FOURTH DISTRICT.
CAPT. SAMUEL T. WILLIAMS,
OF NASH.

Congressional Nominations.

First District—MAJOR JESSE J. YEATES, of Hertford.

Third District—HON. ALFRED M. WADELL, of New Hanover.

Fifth District—HON. ALFRED M. WADELL, of Rockingham.

Seventh District—HON. THOMAS S. ASHIE, of Anson.

Ninth District—WM. M. ROBINSON, of Iredell.

Eleventh District—HON. ROBERT B. VANCE, of Buncombe.

Judicial Nominations.

First District—MILLS L. EURE, Esq., of Gates.

Fourth District—COL. A. A. McKoy, of Sampson.

Fifth District—BARTHOLOMEW FULLER, of Cumberland.

Seventh District—HON. JOHN KERR, of Caswell.

Eighth District—THOS. J. WILSON, of Forsyth.

Ninth District—D. SCHENCK, of Lincoln.

Col. Pool's Appointments in the West.

Col. STEPHEN D. POOL, our candidate for Superintendent of Public Instruction, will speak at the following places and times:

July 7, Lexington, Davidson county.

July 9, Concord, Cabarrus county.

July 11, Lincolnton, Lincoln county.

July 13, Rutherfordton, Rutherford county.

July 15, Lenoir, Caldwell county.

July 18, Taylorsville, Alexander county.

July 20, Statesville, Iredell county.

July 21, Newton, Catawba county.

July 23, Asheville, Buncombe county.

Appointments of Captain Davis.

Captain JOSEPH J. DAVIS, candidate for Congress in the Fourth District, will address the people at the following places and times:

GRANVILLE COUNTY.

Henderson, Monday, July 6th.

Oxford, Tuesday, July 7th.

Sassafus Fork, Wednesday, July 8th.

Tally-Ho, Thursday, July 9th.

Brassfield, Friday, July 10th.

FRANKLIN COUNTY.

Franklinton, Saturday, July 11th.

Mr. HEADEN, having refused to agree to a joint canvass, is hereby offered a division of time at the above mentioned places, if he desires to attend.

Other appointments will be hereafter announced.

AFTER the 1st of January, 1875, the postage on daily or weekly papers will be two cents per pound, prepaid in all cases. Weekly papers are to pass free, however, in the counties in which they are published.

The telegraph has already announced the resignation of Postmaster-General Creswell and the appointment of his successor, Congressman Eugene Hale, of Maine. It is said Mr. Creswell will be tendered the Ministership to Austria.

A GENTLEMAN writing us from Wilkes says the political ball is moving on well in that county. That section will poll a largely increased Democratic vote over that of 1872. We continue to hear good news from every portion of the West.

The Washington correspondent of the Tribune says that when the President received the news of the rejection of SHEPHERD he was in a towering rage, and his expressions in regard to the Senate were anything but complimentary.

UPON our third page this morning will be found a full report from the scene of the hanging of JOHN ALLEN KETCHY, at Salisbury, yesterday the 26th, for the most heinous offense known in the annals of crime. The report will be found of peculiar interest, as it gives a sketch of the life of the man KETCHY.

Gov. MOSS, of South Carolina, has informed a newspaper correspondent with ill-concealed exultation that he is certain of re-election because his constituents are unable to read. The Governor is also proud to say that he knows what contingent funds are for, and has improved his knowledge.

ATT-Gen. WILLIAMS and the Cabinet officers in Washington, who have made free with their contingent funds, may find in the confessions of the thief in South Carolina some food for reflection.

BEFORE the adjournment of Congress a scheme for the partial distribution of the Geneva Award was agreed upon by both Houses. The central idea of the compromise is that all undisputed claims shall be allowed, and the insurance and war-pension claims be reserved for future consideration. It is further provided that all insurance companies which can show a clear excess of losses over gains by reason of the operations of the Confederate cruisers for whose escape Great Britain was held responsible, shall be allowed to come before the Court and prosecute their cases. Losses by Confederate cruisers other than the Alabama, Florida, and Shenandoah are reserved for future legislation. The bill provides for the appointment of a Court of five Commissioners to distribute the award. It is estimated that not more than \$3,000,000 will be disposed of under this bill. This is more likely a low estimate than a high one.

The Maine Democracy.
Editorial Daily News:—Allow me to call your attention to the truly Jeffersonian Platform of the Maine Democracy.

These are the ideas that must ultimately prevail in this Republic.

LIBERAL REPUBLICAN.

The Democratic State Convention which assembled here to-day, nominated Hon. Joseph Titcomb, of Kennebec, for Governor and adopted the following resolutions:

Resolved, That an inflated and irredeemable paper currency is among the worst evils that can afflict a community; it enables cunning and unscrupulous speculators to rob producers of the fruits of their labor and afflicts every reputable business with the peril of continual panic and disaster. We regard a currency based on specie redemption as the only one upon which the business of the country can be safely trusted, and we hold that we should as rapidly as possible approximate to such a circulating medium.

Resolved, That a protective tariff is a most unjust, unequal, oppressive and wasteful mode of raising the public revenue. It is one of the most frequent and fruitful sources of corruption of administration. We, therefore, the Democracy of Maine in convention assembled, declare for free trade and in favor of unfettered and unrestricted commerce.

Resolved, That the recent action of the Republican majority in the United States Senate in attempting to revive the worst features of the sedition law of John Adams' administration, and to establish a censorship of the press of the country at the federal capital, declares a purpose to silence all criticism of the conduct of public men, and as such demands the severest condemnation of every free man in the land.

Resolved, That the framers of our constitution erected a system of government the corner stone of which was the control of local affairs, and the planets hold their places in the heavens, and it is amongst the gravest faults of the Republican party that it has wantonly overruled and prostituted the government of the several States.

Resolved, That the Civil Service of the government should be performed by those who are found to be best qualified therefor, and there is seen in the recent action of the Republican Congress on this subject a humiliating confession that the party in power cannot dispense with the prop afforded by public plunder.

Resolved, That the undeniable corruptions pervading all departments of the general government are themselves ample arguments against the continuance of the party now in power and proof that it deserves the righteous indignation.

The resolutions were adopted *seriatim* without opposition.

AN exchange facetiously says that Congress having adjourned, similar facts are known in England by the accounts which creep into the papers of enormous gooseberries, and other freaks of nature. In this country there is quite as good a test to a newspaper man as the thermometer. It is not the eruption of watering-place advertisements, nor of water coolers and refrigerators, nor of cases of sunstroke, nor of mad dogs, nor of murders, which always seem to increase as the weather becomes heated. It is the complaints in our exchanges about crying babies in the night, and of cats. As certain as summer comes, with open windows and restlessness, and dearth of interesting editorial topics, the crying babies and the cats make their appearance. A St. Louis exchange thus bewails the existence of cats, a grief every lover of a night's rest can easily appreciate:

"In the friendly interest of one hundred thousand boys of St. Louis, and with a desire that justice be done to the dog, though the heavens fall, we ask respectfully but firmly—how about cats? Laws are being enforced against the friend of man to his comparative extinction because he is so much a nuisance, while the cat, the midnight marauder, also subject to rabies, is suffered without molestation of legal enactment to indulge in calisthenic exercises on the cellar doors of generous people, and break their slumbers with his cataplectic howlings. There are some things which make us almost doubt the justice of Republican institutions, and this is one of them. We have received a letter from a youthful friend, who writes to us in an agony of distress at the abduction of a quadruped associate by the dog catchers, 'who are described graphically as 'feen is in human shape.' The boy asks why this distinction is made between dogs and cats, and so we do. If the dog is a nuisance by day, the cat is Popocatepetl of nuisances by night."

The circulation of the Bible in Turkey has been prohibited. This simple announcement, which is made by ocean-telegraph, will come home with peculiar force to the Christians in this country, who have been unrelenting in their efforts for the evangelization of Turkey, and not wholly without grounds for encouragement.

THE Chicago Tribune, speaking of the new currency measure, which allows additional banking facilities to the Southern States, says: "All the Western and Southern States may have more banks by paying for them, but there is no danger that the Comptroller will be overrun by applications." Persons residing in any of the States entitled to more national bank capital have only to forward their applications to Comptroller KNOX, endorsed by their Senator or Representative.

We believe the general sentiment of the North Carolina delegation is that the bill as passed was the best upon the financial question introduced the late session.

IT WILL surprise our readers to learn that J. G. HESTER, so well known by his villainies as a revenue detective in this State, was nominated by the President as Marshal of the Eastern District of North Carolina, and it will be gratifying for them to hear that the nomination was rejected by the Senate by a decided majority. No greater indignity or insult could have been offered the people of Eastern Carolina by the President, for no man was more cordially despised by them than HESTER. Contemptible, knavish and brutal, he deserved and received the scorn and loathing of every citizen of the State who had the least regard for decency or honesty. For this one act of graciousness, in the name of all the good people of the State, we thank the Senate.

NORTH CAROLINA.

The Charlotte excursionists have had a most glorious time in Wilmington.

The citizens of Beaufort and visitors at the Atlantic Hotel are masquerading.

S. S. Jones, Esq., has been nominated by the Democrats of Hyde county.

The Tar river navigation company intend purchasing a steamer to ply on the Tar river between Tarboro and Washington.

The Democrats of Pitt county have made the following nominations: For the Senate—J. B. Stickney; House of Representatives—Lycurgus Barrett, Joseph Statton.

The Democrats of Beaufort county have nominated Capt. Wm. H. Thompson for the House of Representatives. Capt. Thompson is an energetic and worthy citizen.

The Democratic Senatorial candidates in the Second District are Charles Latham, Esq., of Washington county, and Col. Wm. S. Carter, of Hyde. Col. Carter was faithful Representative in the last Legislature.

The Journal, speaking of the Charlotte Observer, says: "The Journal, the whole-souled citizens of Wilmington, calls it a 'Sound party.' Does the Journal refer to the condition of the party when they started or when they returned?"

The Newbern Times thus treats of the search in that city for the comet: "People continue to gaze on the comet. Judging from the condition of some, late at night, we naturally conclude that they use too many glasses, and the thing then does not become any clearer."

At the recent Radical Convention at Kinston Mr. A. S. Seymour, member of the last Senate from Craven, was nominated for Judge of that District over Judge Clark and Mr. Faircloth, of Goldsboro. L. J. Moore was nominated for Solicitor. It is said that Judge Clark will run as an independent.

A Cleveland correspondent of the Charlotte Observer says: "Since the recent rains, corn and cotton have been in a flourishing condition. The farmers have used this year, four times the quantity of guano over last year, while the acreage in cotton is two-fold. Hence, large crops are anticipated in Cleveland county. Wheat has been harvested; the crop is very good. 'Tis pity 'tis true, and 'tis true 'tis pity' that the farmers ship no hay or clover to market; more attention should be paid to the grasses."

A Chinese economist in reading our daily papers might be pardoned for supposing that "Base Ball" was the principal business of the country.

The death rate in New York last week was lower than it has been for five years, showing thus far a remarkably healthy season, especially for children.

Monuments, scientific schools in honor of the illustrious dead, and memorial halls, are all the rage now at the North.

NEW ADVERTISEMENTS.

LAUGHABLE AND INTERESTING in the highest degree are the Chronos Puck. They should have a place in every counting room, office, and school house in the land. The lessons they teach is as good as gold and silver. Price, \$10 per pair. Send orders to J. F. RYDER, Publisher, Cleveland, O. June 27-11m

KITRELLS SPRINGS!

This popular and well known

THE NEW BUFFALO SPRING.

Mecklenburg County, Va.

This Spring, discovered since the last summer, and analyzed by the late Professor T. F. of Baltimore, to contain a HEAVY PER CENTAGE of the bicarbonate of the continent of Europe. Professor George H. Wood, of the University of Pennsylvania, than whom there is no higher authority in the Medical world, says: "There is perhaps NO OTHER REMEDY from which

Equal Efficacy may be Expected,

In the removal of the deposits of the Urates of Soda in the joints, and ligaments, and in gouty affections, and in preventing the deposits in the KIDNEYS, BLADDER, UTERUS, and PASSAGES."

A distinguished writer says: "It (LITHIA) is peculiarly adapted to the cases of persons suffering from or threatened with GRAVEL, STONE, GOUT, &c.; there is perhaps

NO OTHER KNOWN REMEDY that promises GREATER RELIEF in such cases.

It may be fairly claimed then, that the

IS THE GREAT

Remedy of America

In all this class of disease, its curative power, however, is by no means limited to this class. Its action upon the LIVER is most decided, and it is believed in derangement of the biliary organs, to be second to no other Spring in Virginia.

Open the last day of June, 1874.

THOMAS F. GOODE, Proprietor.

TELEGRAPHIC NEWS

NOON DISPATCHES.

The French-American Postal Convention.

WASHINGTON, June 26.—The Post Office Department this morning received a telegram, and was also officially informed by the French minister of the ratification of the postal convention between France and the United States by the French Assembly. The French minister to-day expressed to the Postmaster General his desire that the convention go into operation the first of July, but this cannot be done, as the first of August is fixed for that purpose, and the ratifications have yet to be exchanged. The charge for letters from France to the United States will be ten cents for a third of an ounce, and from the United States to France nine cents for half an ounce. Unpaid letters to pay above rates with five cents additional. Postage on books, newspapers, samples, &c., is to be hereafter separately arranged by each country.

From New York.

NEW YORK, June 26th.—At Barnum's hippodrome a horse was in a state of excitement during a race, and the female rider is probably fatally injured.

A lady by the name of McGahan,

employed in a cigar factory, in Newark, was killed yesterday by the explosion of an Emery wheel. The wheel, which was a butcher, died yesterday afternoon of hydrophobia. McCormick was slightly bitten by a small dog about a month ago, but the wound soon healed up, and he thought nothing of it until Monday, when he began to experience sharp pains in his back. The physicians called, who prescribed simple remedies at first, but more powerful afterwards, was all to no purpose, and he died in the greatest agony. A thorough scientific examination is to be made of the case.

Miscellaneous.

SPRINGFIELD, June 26.—Dawes declines the Congressional nomination.

CLEVELAND, June 26.—Fully ten thousand people attended the Sam-gerfest Concert.

CINCINNATI, June 26.—A severe storm throughout the northwest. There were three lightning deaths.

Tilton Accus.

NEW YORK, June 26.—The Clerk of Beecher's church says no session was called. No proceedings probable. Tilton had been told the first of June would bring a direct charge if it would be received and investigated whether made against the pastor or any member of Plymouth church. The church will not attack Vogtins.

Foreign Matter.

PARIS, June 26.—La Liberte says, that after Budget has been voted President McMahon will recommend that the assembly confer upon him the power of finally dissolving it and then adjourn.

LONDON, June 26.—A bill for the regulation of public worship has passed the House of Lords.

MIDNIGHT DISPATCHES.

FROM WASHINGTON.

The Adoption of an Important Measure by Congress.

WASHINGTON, June 26.—Perhaps one of the most important measures passed by Congress for many years, is Congressman Morey's bill authorizing the President to appoint a commission of engineers, composed of three army and two civil engineers, to report at the next session of Congress through the President, a plan for the permanent reclamation and redemption of the alluvial basin of the Mississippi.

The Board will probably consist of the following officers of the army: Gen. G. K. Warren, United States Engineer; Gen. H. L. Abbott, United States Major; W. H. H. Benyard, U. S. Engineer.

The Civil Engineers are Gov. Paul O. Hebert, of Alabama, and John Syckle, of Arkansas.

The requirements of the military service may require a change of the army engineers, but the appointment of the civil engineers is fixed.

The Board will probably meet at New Port for organization.

Cuban Affairs.

NEW YORK, June 26.—A letter from Havana, dated the 20th inst., says that the prospects are that general reputation of bills of the Spanish Bank will take effect next week. Several cigar houses have notified their customers that after next week they will not receive paper money, but will demand gold and silver. If this should really take place, and be a general one, an Apple-kill dispatch says that Henry Ward Beecher, who is passing the summer vacation at his farm, near this place, in answer to an inquiry as to what course he would pursue regarding the recent statement of Theodore Tilton, says he will not break the silence he has hitherto observed.

A Severe Gale in New Brunswick.

BATHURST, N. B., June 26.—The unsettled state of the weather causes great anxiety, as the vegetation is seriously retarded, and the farming interests are neglected. On Thursday there was a violent hail storm. The gale of last week resulted in the loss of 32 lives along the eastern coast of New Brunswick, 19 being fishermen. Four bark and nine schooners were stranded, and about thirty fishing boats wrecked. The wholesale destruction of nets by the storm will be a serious loss, as sailmen are unusually abundant, and large catches are being made.

Comparative Cotton States.

NEW YORK, June 26th.—The net receipts at all the United States ports for the week is 12,430; same week last year, 18,887; total to date, 3,702,394; same date last year, 3,481,803. Exports for the week, 15,441; same week last year, 24,995; total to date, 181,737; to same date last year, 2,445,088. Stock at all the U. S. ports, 244,440; last year, 205,415. At all the interior towns, 41,063; last year, 39,613. At Liverpool, 960,000; last year, 882,000. The American export for Great Britain, 125,000; last year, 160,000.

The Postmaster-General's Important Information to National Banks.

WASHINGTON, June 26.—Mr. Hale assumes Postmaster-Generalship the first of July. Treasurer Spinner has issued a call upon the National banks other than gold banks requiring them to deposit five per cent of their circulation in U. S. notes for the redemption of their circulating notes in accordance with the new currency act.

The Matter of Supplying Official and Dead Letter Envelopes—Other Matters.

WASHINGTON, June 26.—'s for supplying official and dead letter envelopes to postmasters throughout the United States were opened to-day with the following result: George F. Nesbitt & Co., New York, 24,000; Morgan Envelope Company, Springfield, Massachusetts, 24,545; George H. Reay, New York, 23,695; Reay was awarded the contract, he being the lowest bidder. The number of envelopes is eleven million nine hundred and fifty thousand. General McCook has received his commission and taken the oath of office, as the Governor of Colorado will reach Denver early in July to enter upon his duties.

New York Matters.

NEW YORK, June 26.—By motion in the arrest, judgment was argued to-day in the cases of the police commissioners Gardner and Clark, convicted of misdemeanor. The motion was denied and they were each fined in the sum of \$250. The Clerk of the Court was instructed to notify the Governor of the State of the conviction of the Commissioners.

Weather Probabilities.

WASHINGTON, June 26.—For the South Atlantic States, partly cloudy weather, with light rain east of the Mississippi River, south or west winds, high temperature and slight changes in the barometer.

The Brazilian Cable.

LONDON, June 26.—Queen Victoria and the Emperor of Brazil have exchanged congratulatory messages upon the successful laying of the Brazilian cable.
